

MOONACRE SPA MENU

Get In The Mood (AKA The Pre-Spa Ritual)

Here's *our* idea of a perfect wine country pairing: Calistoga's geothermal waters, followed by a visit to our little abode. Calistoga has been a sybaritic go-to for its natural mineral hot springs and mud baths for more than a century. Continue that rich tradition in one of our three pools fed by geothermal hot springs below our property grounds. The pools' waters range in temperature from 82 to 104°.

TREATMENTS

Body Cures

Perfectly Muddled

Our spin on Calistoga's famed historic mud baths. Mosey up to our mud bar and see your perfect blend being created from our global range of

detoxifying concoctions. Next, get down and dirty in our garden, where you'll slather your skin in the mud and relax under the sun as it dries. Finally, get squeaky clean under our rainfall shower, while you watch those muddy waters rinse away. Dry skin is exfoliated off. Toxins are drawn out. Good minerals are infused in. And your skin is left baby-soft and oh-so-refreshed.

Add-on to massage: \$50

On its own: \$70

The Splish-Splash

Think of this as our ode to the social bathhouses of days gone yonder. We'll draw the water and you can soak your cares away in one of the gorgeous clawfoot tubs in our bathing room. Salts and minerals from around the world in combination with our coconut oil infused bath bombs, wait for you to be 'paddled' in. Book a couple of tubs and turn it into a romantic or group experience. Or go it alone, and make new friends. Whatever your style, we've got your salty cure.

CBD Soak

Our Splish Splash just got elevated to the next level. CBD is short for cannabidiol, a compound derived from cannabis that possesses significant health benefits without leaving you stoned. Whether you're drained from a workout, have inflammation, or just need a heaping dose of stress relief, our soak with CBD salts will leave you refreshed in a way that you'd never see coming.

The Wine Country Scrub

The best of our little valley. Your body will be exfoliated with a scrub made from crushed grape seeds, followed by a hydrating application with a locally-made rosemary-and-lavender-infused oil.

50 minutes / \$130

The Garden Vichy

Try our tongue-in-cheek take on the oh-so-popular Vichy treatments. Unlike what you may experience at other spas, we set you up in our beautiful outdoor & airy Spa Garden for an unforgettable treatment, privacy drapery included. Imagine a finely milled grape seed exfoliation, warm water rinse & a custom hydrating Lavender-Rosemary oil. Who knew there was more than just one way to enjoy the fruits of the valley? Available May - October.

Massage Kneads

Here's The Rub

Yes, a massage. But not just any massage. Our signature rub-down is perfectly tailored to what your body needs. So, whether its deep tissue in the neck or soothing Swedish on the back, acupressure on your calves or lymphatic drainage on your face, our masterful muscle whisperers (aka massage therapists) have you covered.

CBD Massage

Ready to elevate your massage? Our hemp-derived CBD cream will take your endocannabinoid system to the next level. Bring on your sore muscles and stiff joints and let CBD (cannabidiol) do its job. You won't leave stoned, but your muscles, skin and aura will feel rebooted.

80 minutes / \$195

The Hot Himalayan

Our hot stone massage is better than most, with heated Himalayan salt stones subbing in for your average ole rocks. Our superstar stones are naturally antimicrobial and packed with minerals. They produce negative ions, which helps alkalize the body and bring it from an overly-acidic state. Plus, they feel really, really good.

80 minutes / \$190

The Head Case

For those whose minds are all over the place, settle down with a deeply relaxing scalp massage using our specially-blended and oh-so-hydrating oil. Then enjoy a targeted massage of the neck and upper back. We dare you *not* to fall asleep.

50 minutes / \$130

The Feet First

Inspired by the ancient art of reflexology, your therapist will spend 50 decadent minutes focused on your feet. But your back will get a little love too, thanks to the self-warming mud that we'll apply at the start of the treatment.

50 minutes / \$130

From Head to Toe

The best of both worlds: The Head Case, followed by The Feet First. In other words, 80 minutes of pure bliss. And yes, you are allowed to snore.

80 minutes / \$190

The Compress Press

Thailand's poultice massage meets its Napa Valley cousin with this treatment that uses a heated muslin compress filled with local herbs (including lavender and mustard seeds). Your therapist will rhythmically stamp, knead, and rock the poultice over your body in-between soothing strokes to release deep muscle tension. Added bonus: the poultice's herbs have a healing effect.
